The energy and excitement of London is simply impossible to put into words. During your time studying here you can experience it all, from museums and art galleries to music concerts and sports events. And at the weekend with just a short journey by train you can visit many traditional English villages, historic cities and seaside resorts.

## The English Studio London

By choosing an English Language School in Holborn, the centre of London, you will study in the heart of one of the most exciting cities in the world. Our fantastic location provides instant access to London's famous attractions, sights and scenes.

With great transport links, the school is easy to reach by underground, bus or train whether you choose to stay in our accommodation or in your own place. Holborn Underground Station on the Central and Piccadilly lines is right across the street from the school, providing great access to all London has to offer.

## Social Programme

Our social programme is full of opportunities to meet classmates outside of lessons to practise your English, make friends and — most importantly — to have fun.

Every week, we schedule a variety of sightseeing, cultural, and leisure activities, so there is something for everyone to take part in and enjoy. Our experienced staff find the best daytime activities that are affordable for a student budget — if not completely free!

Ask in reception or visit our website to find out what's on the current social programme calendar at [englishstudio.com/social](http://englishstudio.com/social).
