

YOUNG LEARNER BROCHURE | 2023
LONDON

YOUNG ENGLISH STUDIO

To be successful in a fast-changing world it is essential that young people develop the skills they need in their academic and future professional careers. They should also be confident when communicating with others.

Our young learner courses help build that confidence and provide the language skills necessary to feel comfortable when communicating with people from other cultures. All our courses use contemporary everyday English that brings the language to life in real situations. We provide engaging lessons that will challenge students to achieve their full potential.

We aim to ensure all our young learners have a great time and make new friends from other countries. They will learn the language in the classroom and continue learning and using English during our varied and exciting activity programme. Allow us to help your child grow with a complete well-balanced course and wonderful life experience.

We know that it is essential that young learners are safe and secure during their experience at The English Studio. Student welfare is our top priority and we provide excellent levels of care at all times during your child's course.

Students who are staying with family or friends in London can join our famous YES General English and YES English & Activities programmes this summer. These courses offer all the benefits of a great learning and life experience as part of a family holiday. Parents and carers bring students to school in the morning and collect them again when the course finishes from Monday to Friday.

Young Learners who choose the residential option will be fully supervised from the moment they arrive until they leave with their certificate at the end of the course. Our wonderful locations in London provide the perfect setting to learn and explore.

“It’s always a delight to have our young students at The English Studio during the summer months.

This is the perfect age for them to start learning English or to continue their studies from back home for a few extra weeks. Both in class and out on excursions students always have a huge amount of fun as they quickly make friends with classmates from around the world. I’m sure each student leaves with a special group of new friends to keep in touch with and continue on their English learning journey.”

John Berridge

The English Studio's London young learner residential centre is located at UCL Campus in central London. Students from 14 to 17 experience engaging contemporary English lessons and a full programme of exciting activities. This location will give students a taste of independent student life in a well-supervised environment. During the course, you will explore and discover a whole new world in one of Europe's greatest cities.

YES YOUNG LEARNER - London

GENERAL ENGLISH

Suitable for learners from beginner to advanced levels, our YES General English course, with 15 hours tuition a week, gives students the opportunity to improve their English, practising in a multinational class what they may not learn at school in their home country.

For students aged 8 to 17, the course helps develop each child's communication skills, with an emphasis on speaking, pronunciation and listening. All students take an English level test before arriving so that they can enjoy their classes from day one by being placed according to their age and ability. During lessons, students get practice using relevant English that's useful outside the classroom, and at the end of the course they will receive a YES Certificate and an End of Course Report to show their parents and teachers back home.

I highly recommend this school. The teachers are very nice and friendly. They adapt to your level and always try to help you to improve your English. The school is in the centre so you can visit many places from there and enjoy (and practice the language) every day after class.

LUCE
VENEZUELA

YES YOUNG LEARNER - London

ENGLISH AND ACTIVITIES

A favourite option for our young students, the YES English & Activities course combines all the benefits of General English classes with a 5-day activity programme to discover the sights and culture of London. Each day students attend 3 hours of English classes, and following lunch, get to practise what they've learnt in the classroom during the afternoons with activities and excursions.

Activities are planned for students to discover and explore London with children of a similar age and interests. Our friendly YES Activity Leaders are always there to take care of our young students as well as to make sure they have fun and learn about the city. A hot lunch is provided each day offering 3 or 4 healthy meal options, one of which is vegetarian. Young learners are supervised by activity leaders dedicated to looking after each age group.

THIS COURSE INCLUDES

- Welcome pack and course essentials
- English language learning materials
- 15 hours of classroom tuition each week
- Hot lunches from Monday to Friday with vegetarian option
