# The English Studio Experience

## Student Welfare

Our school has nominated welfare and safeguarding team members on hand to support every student. We want to ensure students feel at home and comfortable as quickly as possible; that way they can make the most of their experience with us right from day one.

We understand that coming to a new country to learn English is very exciting. It is also a big change for our students; that's why we're here to help our learners with everything they may need to settle in.

Whether it's advice on health issues, places of worship, opening a bank account, or just the best options for a night out, our staff can provide local information that is useful to students.

## Social Programmes and Excursions

As part of your course, you will have access to our weekly programme of social and cultural activities. We want you to benefit from our immersive approach to integrated learning, by using your new language skills in authentic situations outside the classroom.

Many of our activities are free of charge and for some others you will only need to pay for travel, food, drink and entrance tickets. In addition to our own activity programme, we partner with a selected tour provider that runs day trips and overnight stays.

Each week, there is an organised programme of events, planned to give you a balance of social, cultural and informative activities. At weekends, there is always an opportunity to join trips to places like Oxford, Brighton, Wales, Windsor Castle, Stonehenge and Bath, the Cotswolds and more.

## The classes are dynamic

This school is great!! Good colleagues, good teacher. People are very attentive. The classes are dynamic because in addition to the good teachers, the electronic board brings agility to the process. I've been here for over a month and I feel like I'm making a lot of progress.

## A great experience that I would repeat again

Very enjoyable and effective classes, adapted to all levels. The groups are small, which makes learning much easier. Without a doubt, a great experience that I would repeat again, totally recommended, they are also capable of creating a family among the students, being able to live great experiences outside of college, so that the practice of my English goes further. Much appreciated.
